

FOR SALE

The Cape Horn 17 is probably the most versatile fishing boat made. It is capable of shallow inshore fishing and heavy offshore fishing. Its moderate "V" at the transom, sharp entry at the bow and wide chines make for a soft dry ride. The wide beam and high free board make this boat able to handle heavy loads and heavy 4-stroke outboards without any problem.

\$14,900

2002 Cape Horn 17'
